"An empowered woman is powerful beyond measure and beautiful beyond description"

– Steve Maraboli

The inception of Kamini Kares was by its visionary leader, Padmashri Dr Kamini A Rao, backed by a young and versatile digital marketing team led by Pooja Sidharth Rao. We are an organization that is determined to improve, enhance and enlighten the lives of the girl child and women in our country. Our primary focus is to identify capabilities and help women achieve and explore their dreams. Our ultimate aim is to ensure that all women have the ability to control their lives and destinies, and have access to adequate food, education, and health care.

Dr. Kamini A. Rao

Founder President

Recipient for one of the highest civilian award, Padmashri Dr Kamini A Rao, is the countries most established medical expert in the field of Assisted Reproduction and High Risk Obstetrics. Her career achievements is the greatest chapter in the books of history, with her globally recognized expertise in fertility treatment, she became the ray of hope to many couples who were struggling to become parents. From doing D.O.RC.P. to F.RC.O.G at UK and from SIFT baby to pioneer in uterus transplantation, she is the best pair of hands the country has! Her wall of fame consists of many trophies of goodwill that have been active contributions towards societal welfare. She is the perfection, precision and every couples final hope!

Dr. A. S. Arvind

Co-Founder

One of the most established names in the field of medicine, biotechnology and healthcare management, Dr AS Arvind completed his MD from Bangalore Medical College and FRCP from London and Glasgow UK. He led by example and became a true inspiration to young minds, when he took on the mantle and became the youngest Medical Director of Mallya Hospital in the beginning of his career. He later served as Chief Operating Officer of Clinigene International Limited, a subsidiary of Biocon Ltd. He was instrumental in Planning, initiating and conducting clinical studies, clinical trials, Biomarker identification studies and Drug development, Regulatory compliance. In this long encompassing journey, he has conquered many milestones in the field of medical research and healthcare management.

Empowering Women

Kamini Kares is a strong initiative to uplift the women of our country and provide them with all necessary support. Women empowerment programs have always been our top priority and we intend working towards making every woman a strong and independent individual.

Sharing is caring

Our channel of spreading care and portraying the importance of sharing makes all the difference. Through this initiative we touch the lives of many young children who are eagerly seeking help. Our team strongly promotes the importance of quality education among children in suburbs and rural areas via our social awareness camps.

Education for specially challenged children

Education is for all! These specially challenged children require utmost care and access to education like every other child. Kamini Kares believes in equal treatment for these children and helps them discover their capabilities, be it a soft skill or an artistic touch, if we see some light, we help them shine!

Our good deeds

Any noble cause has a purpose; all good deeds make a difference! Promoting an educated, healthy and hygienic lifestyle habit among individuals adds up to making a great difference in society. Team Kamini Kares is a group of enthusiasts who are evenly spreading positivity and contributing towards building a better space for all.

We are here to stretch a helping hand for the individuals in need.

SAVE THE CHILDREN

We strive to provide better educational tools to the children and help them shape their future.

HELP THE HELPLESS

Our primary goal is to focus on women empowerment and help them accomplish their goals.

BE A VOLUNTEER

Let there be a purpose for life! Join hands and make your contribution towards helping the poor and the needy

Together we stand for a better tomorrow and a brighter future!
